Messe Düsseldorf Japan, Ltd.
32 Years' Experience in Japan's Medical Sector

When it comes to the Japanese medical and healthcare market, there are few companies who have the same experience and insight that Messe Düsseldorf has. For the past 32 years, Messe Düsseldorf Group has been operating in Japan via its subsidiary Messe Düsseldorf Japan, Ltd., bringing Japanese exhibitors and visitors to the MEDICA & COMPAMED in Düsseldorf and our medical trade shows worldwide which is under the brand name MEDICAlliance. During this time, we have built close relations with all major Japanese medical associations and other industry groups, and we have been continually monitoring the domestic medical and health-related devices market. Naturally, we follow international trends as well. Through our presence at the leading Japanese medical trade fairs, we exchange opinions with industry leaders and players, many of whom are repeat exhibitors at Messe Düsseldorf trade shows.
