JETRO, or the Japan External Trade Organization, is a government-related organization that works to promote mutual trade and investment between Japan and the rest of the world. JETRO's core focus in the 21st century has shifted toward promoting foreign direct investment into Japan and helping small to medium-sized Japanese firms maximize their global business potential.

As the organizer of the Japan Pavilion, JETRO is pleased to support the participation of 12 exhibitors in this year's MEDICA. We will be joined by the Fukushima Prefectural Government as a special exhibitor to help bolster international commerce for Fukushima, which was hit by the Great East Japan Earthquake.
